

## Cosmetic Brush Soft for Eyelash and Eyebrow Tinting

Beautiful eyelashes and eyebrows belong to a perfect look. This high quality **Cosmetic Brush** is particularly soft and gentle to the skin. It enables a quick, easy and precise application of the paste to lashes and brows and makes the treatment even simpler.

The flat, straight and particularly elastic bristle of synthetic Taklon enables an exceptionally clean and precise working when tinting eyelashes and eyebrows. Whether sparse brows shall be enhanced, a fine lid line shall be conjured up, or if more volume shall be given to the lashes, with this **Cosmetic Brush** even finest detail work becomes possible. The synthetic bristle has an exceptionally long life time. Brush and bristle can easily be cleaned with water.
